Hazardous Weather

Wednesday

Isolated showers and thunderstorms possible

Weather Forecast Office
Fort Worth, TX
Issued Jul 21, 2021 1:49 AM CDT

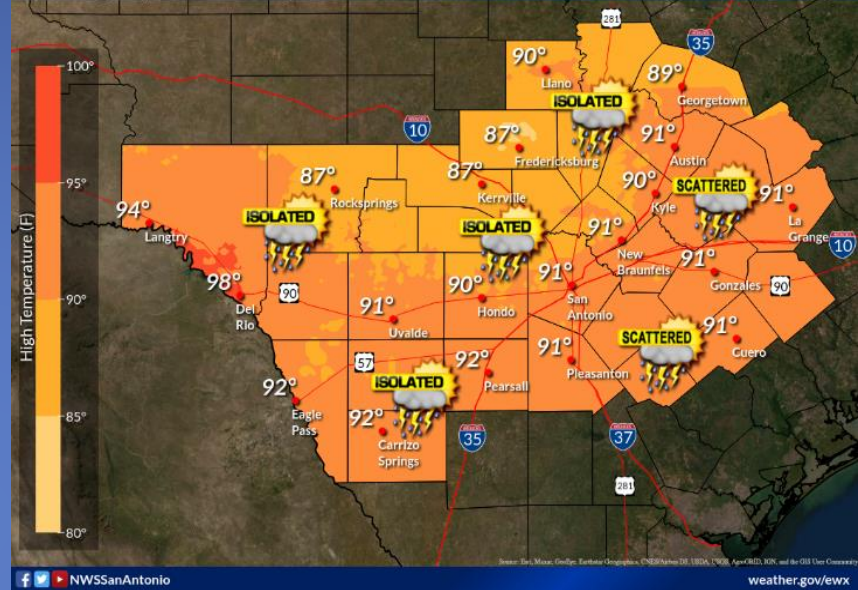

Isolated showers and thunderstorms will be possible again this afternoon, though the best chances will remain across Central Texas. Temperatures will top out in the mid 80s to low 90s under partly to mostly sunny skies. Winds will prevail out of the east to northeast around 5 to 10 mph.

Isolated to Widely Scattered Showers & T'storms

Afternoon High Temperatures Several Degrees Below Normal

Weather Forecast Office
Austin/San Antonio, TX
Issued Jul 21, 2021 3:32 AM CDT

An upper level disturbances leads to isolated to widely scattered showers and thunderstorms today and afternoon temperatures that are several degrees below normal.

Scattered Storms

Overview:

Upper level storm system lingering over the region will keep chances for showers and thunderstorms in across SE TX through this afternoon. Storms should end by this evening.

Issued: 7/21/2021 6:06 AM

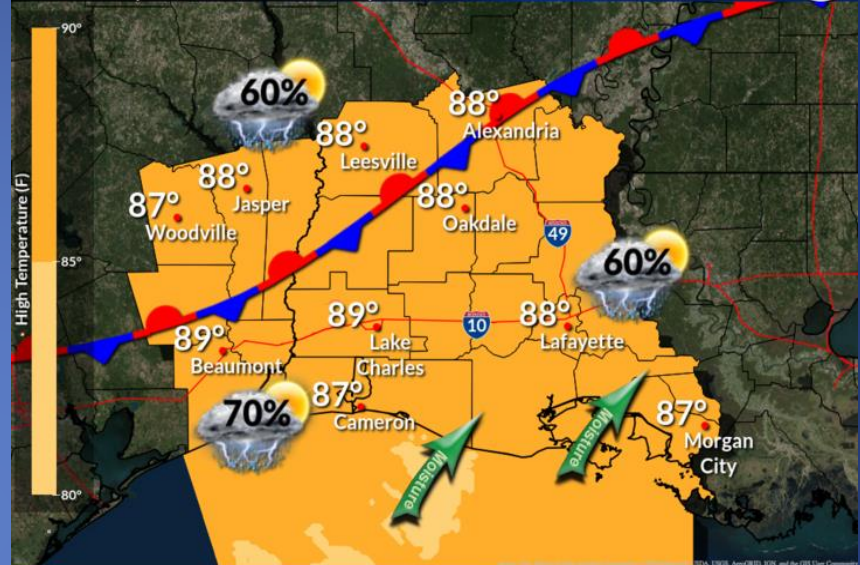

Isolated showers along the coast this morning will be developing further inland this afternoon. All of this activity is expected to decrease this evening.

Today

Weather Forecast Office
Lake Charles, LA

Issued Jul 21, 2021 5:31 AM CDT

Thunderstorms expected. Winds will be southwesterly at 5 to 10 MPH.

NWSLakeCharles

weather.gov/lch

A stalled cold front draped across the area will keep higher rain and storm chances in the forecast today. Localized flooding will be possible as storms will likely have heavy rainfall rates at times. High temperatures will be in the upper 80s, with southwesterly winds at 5 to 10 MPH.

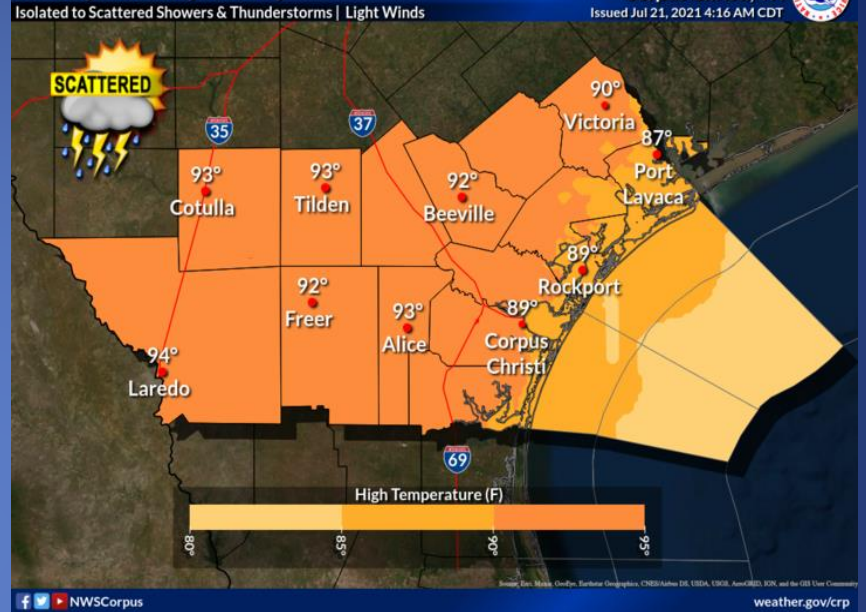

Hazardous Weather

Tonight

The low pressure system will lift northward out of our area. Scattered showers and a few thunderstorms will linger in the evening hours. Showers and thunderstorms will likely diminish by midnight leaving partly cloudy skies for the remainder of the night. Lows will be in the mid 70s inland and upper 70s near the coast. Winds will be southwesterly around 5 MPH.

Partly Cloudy Today

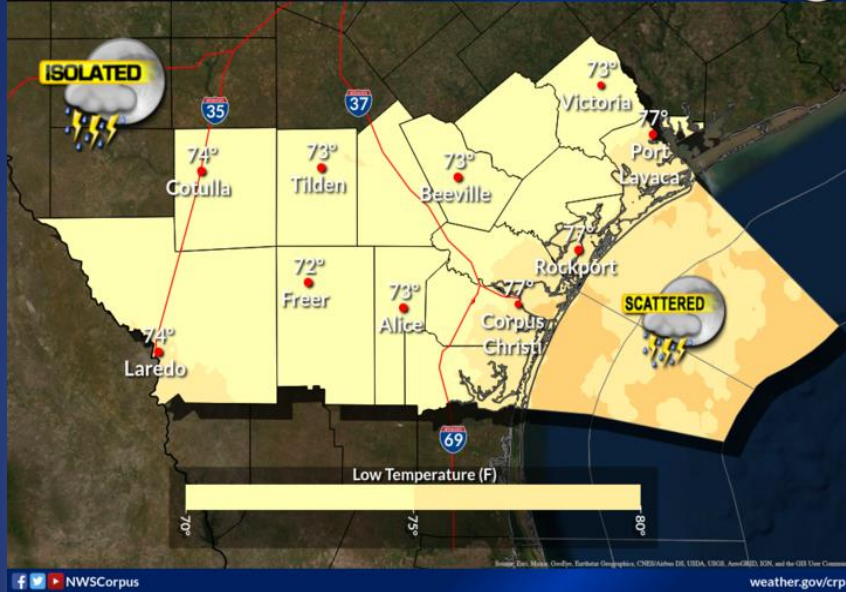

Another very warm day today under partly cloudy skies with light winds. Isolated to scattered showers and thunderstorms are expected, especially this afternoon. Highs will range from the upper 80s near the coast to the mid 90s well inland.

Hazardous Weather

Partly Cloudy and Mild Tonight

Isolated Showers & Thunderstorms

Weather Forecast Office
Corpus Christi, TX
Issued Jul 21, 2021 4:28 AM CDT

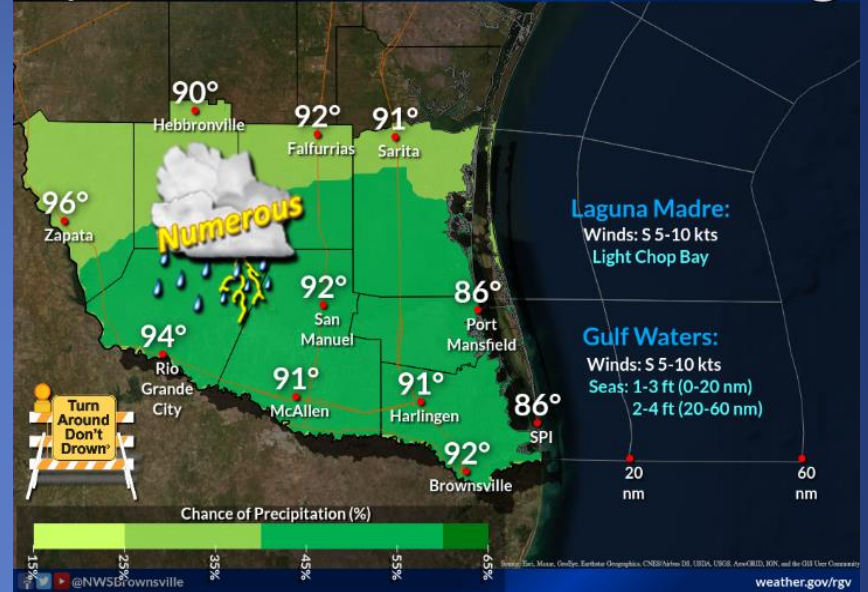

Lows tonight will range from the mid to upper 70s under partly cloudy skies with isolated showers and thunderstorms. Expect light southerly winds through the night.

Today | Thunderstorms w/ Heavy Rain Possible

Flooding Possible Under Heavier Showers & Storms

Weather Forecast Office
Brownsville/RGV, TX
Issued Jul 21, 2021 3:31 AM CDT

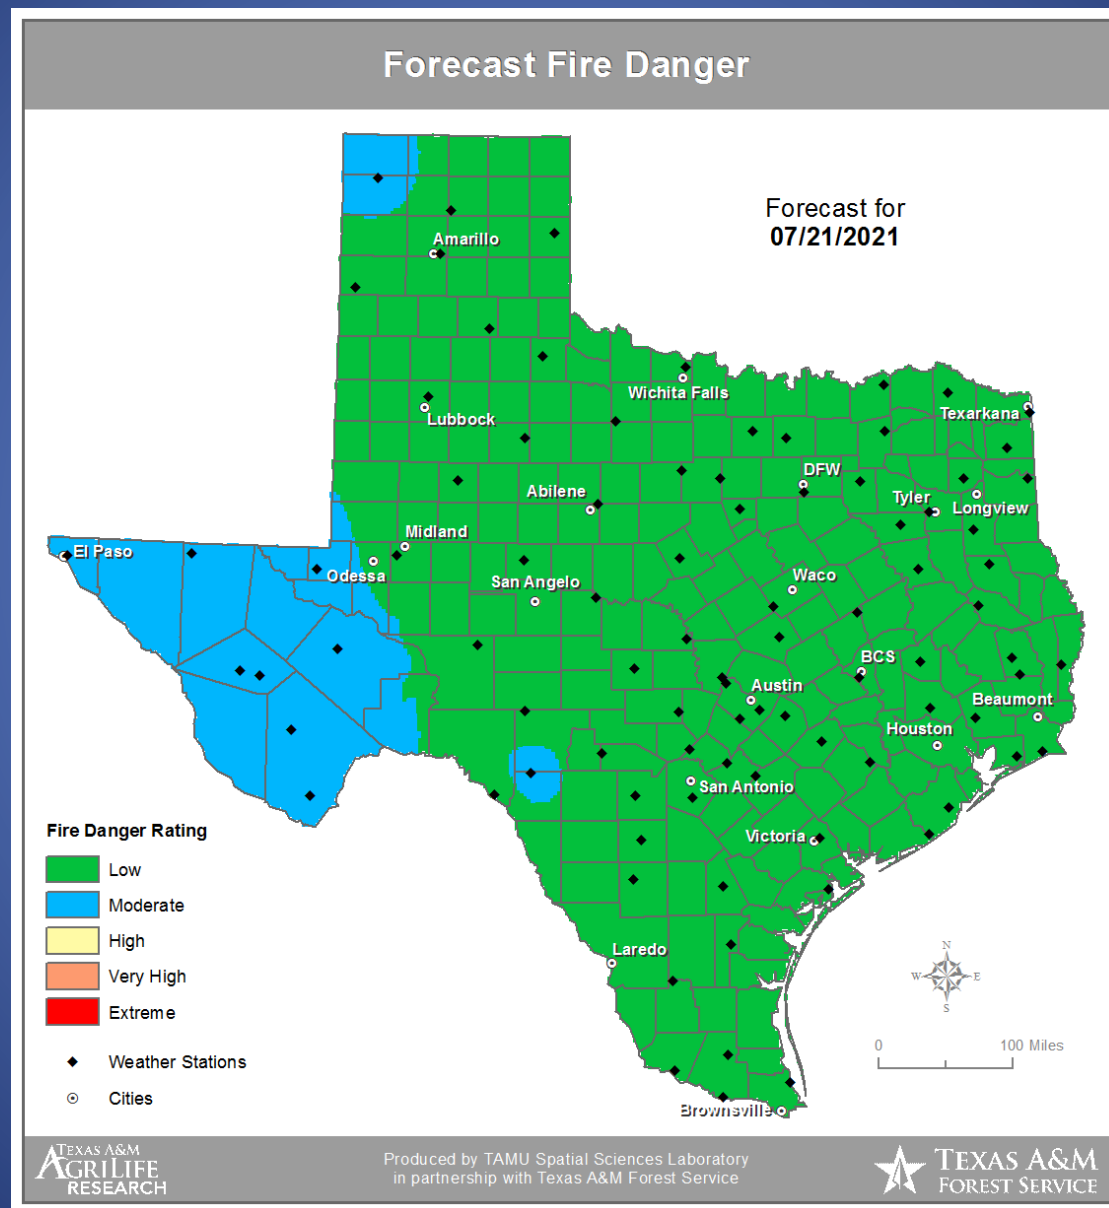

Low pressure in the middle layers of the atmosphere will help produce scattered to numerous showers and thunderstorms across Deep South Texas and the Rio Grande Valley today. Heavy rainfall is possible with the thunderstorms, with nuisance flooding in low-lying and poorly-draining areas. Some flash flooding cannot be ruled out, either. Along the Lower Texas Coast, mariners can expect favorable marine conditions with generally light winds and low seas.
